14th December 1961]

(௨) The industrial estates to be established by co-operative societies and private corporations in this State will be assisted under the following pattern of assistance approved by the Government, viz. :—

(i) The private industrialists and co-operatives should raise a share capital of at least one-fifth of the total cost of the industrial estate.

(ii) The State Government will advance loans in respect of the balance share capital after the initial share capital is subscribed.

(iii) The loans advanced will be repayable in fifteen years.

(iv) The rate of interest will be 3 per cent per annum during the first five years to be stepped up to 4½ per cent by an increase of ½ per cent per annum during every year thereafter.

(v) The free services of an Administrative officer for each of the estates will be sanctioned for an initial period of three years wherever necessary.

A sum of Rs. 108 lakhs has been provided in the Third Five-Year Plan towards the advancing of loans to the industrial estates by co-operatives or private corporations. The total cost of the industrial estates to be established during 1961–62 will be as follows ;—

	RS. IN LAKHS.
